A4 SELF-ADHESIVE LABEL EXPERTS

SOREX

THE SOREX COMPANY IS ONE OF THE LARGEST PRODUCERS OF SELF-ADHESIVE LABELS IN A4 FORMAT IN SOUTHERN EUROPE. WE ARE FOCUSED ON THE DEVELOPMENT OF HIGH-QUALITY LABELS UNDER OUR OWN AND OTHER BRAND NAMES. FOR MORE THAN FIFTEEN YEARS, WE HAVE BEEN REALISING OUR STRATEGIC GOALS AND FOLLOWING OUR MISSION AND VISION.

MISSION: Our core task is to enable our business partners a simple way of labelling their products. The mission is achieved through a rich variety of self-adhesive paper products, PET materials and silver foil.

VISION: We are expanding our position as the largest producer of self-adhesive labels in A4 format into the Middle East and Africa. This is achieved independently by strengthening long-term links and partnerships in the fields of development, product supply and marketing.

VALUES: Organisation, innovation and diligence allow us to respond rapidly. Our aim is to be flexible in production and sales. This is achieved by responding rapidly to new needs, new markets, coordinated production and distribution. With flexible solutions, we can justify the expectations of our business partners.

PARTNERSHIP AND TRUST: Successful business performance is achieved through good human relations; therefore, we build good relationships within the company and with our business partners.

CREATIVITY AND EFFICIENCY: The best results can only be achieved with motivated employees and business partners. We encourage our employees to express and to realise their ideas. Together, we seek new ways of how to satisfy our customers. As best we can, we perform tasks in accordance with our mission. We strive to be the best in what we do and to deliver in the shortest period.

SALES PROGRAM

SELF-ADHESIVE LABELS ON A4 PAPER

for printing with laser or ink-jet printers and for copying with photocopier.

LABELLING OF FMCG PRODUCTS

(addressing postal items, marking wooden, glass, metal, textile and plastic products, pharmaceuticals, labelling of food - fruits, vegetables, bread, etc.)

We differentiate:

- White PAPER self-adhesive labels on A4 paper for laser and ink-jet printers and photocopiers;
- Coloured PAPER self-adhesive labels on A4 pages for printing on laser and ink-jet printers as well as photocopiers;
- Repositionable self-adhesive labels on A4 paper for printing on laser or ink-jet printers and copying with photocopiers.

LABELLING OF PRODUCTS IN THE AGRICULTURAL, PHARMACEUTICAL, CHEMICAL, AUTOMOTIVE, PETROLEUM, IT AND HEALTH CARE INDUSTRY

(washing powders, hazardous waste, chemicals, computers, gas tanks, etc.)

We differentiate:

- POLYLASER self-adhesive labels on A4 paper for laser printers;
- Clear self-adhesive labels on A4 paper for laser printers;
- Clear self-adhesive labels on A4 paper for ink-jet printers;
- Silver self-adhesive labels on A4 paper for laser printers.

DESCRIPTION AND SPECIFICATIONS

All self-adhesive labels from the SOREX SELF-ADHESIVE LABELS program on A4 format (210 x 297 mm). The top layer is usually cut out on smaller size labels. The self-adhesive sheets of A4 labels are made from the upper layer material that is:

- paper
- PET film
- or silver foil.

The top layer can be cut out into smaller shapes: generally rectangular but can also be round, square, ellipse or other according to the buyer's preferences.

ADHESIVE

Between the upper and lower layer is a coating of adhesive that can be permanent or removable. Usually paper self-adhesive materials contain acrylic adhesives and self-adhesive foils contain stronger or synthetic latex adhesive. The strength of adhesive is extremely important when applying labels to more complex materials or in extreme conditions (cold storage room, rough surfaces, dusty surfaces, smooth or greasy surfaces, curved surfaces).

The lower layer is usually made of kraft paper and represents the bearing layer of the label that is usually discarded after use.

WHITE

SELF-ADHESIVE LABELS FOR LASER AND INK-JET PRINTERS AND PHOTOSTATS

White self-adhesive labels are intended for printing using any kind of laser and ink-jet printers and photostats. Appropriate for printing addresses on envelopes, marking wooden, plastic, metal and glass products, bar codes and declarations printing, diskettes, CDs, videocassettes and many other domestic and professional purposes.

POLYLASER

SELF-ADHESIVE LABELS FOR LASER PRINTERS

Suitable for printing with laser printers. Can be used for marking metal, plastic, glass and wooden products. Labels are weather-proof and can also be used for marking chemical substances.

PRINTING INSTRUCTIONS

STEP 1:

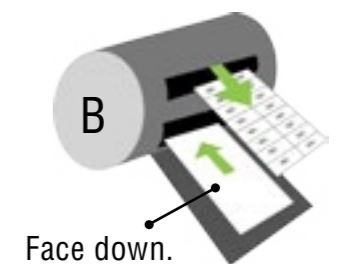

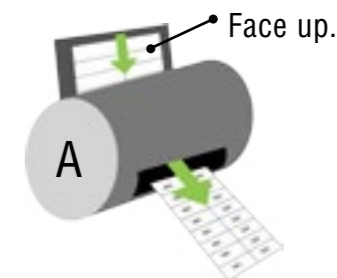

Place self adhesive labels (A4) where usually paper is loaded. Pay specially attention to turn paper correctly in case of "bottom feed" - example B.

STEP 2:

Download desired template (www.sorex.si) and fulfil it.

STEP 3:

Print.
